ABOUT

HOW DO WE DEFINE ALTERNATIVE CULTURE? Together with our readers, Coilhouse Magazine and Blog has been exploring that question for well over two years. In the process, we've bonded over a mutual love of cult films, cyberpunk, canine astronauts, Bulgakov, artificial limbs, conspiracy theories, Klaus Nomi, lavish ruffs, animation, DIY ethics, obscure manga/pulp/giallo, Lovecraftian tentacles, and countless other strange and beautiful items of interest. Our staff is an eclectic, yet uniformly passionate group of friends living all over the world. Each issue of our triannual publication is devoted to covering a wide assortment of **UNUSUAL ART, MUSIC, FASHION, FILM, SCIENCE AND LITERATURE** – from sci fi and punk rock, to fringe couture and green technology.

We're not only interested in finding ways to justify print in the digital age – we're determined to elevate the medium. In its published form, Coilhouse is as much a lovingly-designed art object as it is a trusted tastemaking source. Combining luxurious "paper fetish" production quality (die cuts, fold-outs, embossing, metallic inks, heavy gloss paper stock) with custom typography and edgy, award-winning graphic design, each issue of **COILHOUSE IS A KEEPSAKE.**

This attention to artful presentation, combined with a hunger for in-depth discussion and celebration of All Things Weird and Wonderful, has gifted us with lasting connections to a global grassroots community of **CREATIVE AND CULTURALLY AWARE PEOPLE.**

Curious, sincere and questioning, Coilhouse readers are not interested in any of the stale, staid notions of "alt" that are being recycled and handed down to them; they would rather forge their own. Coilhouse readers support inspired, unique businesses, and Coilhouse is proud to facilitate these relationships.

“FUTURIST VISIONS OF THE PRESENT.”

“There are three things sitting by my bed – Moby Dick, a few of my favorite comics, and COILHOUSE. It’s an object of beauty, it’s something wonderful. I think IT’S SMART, it doesn’t condescend. It’s my FAVORITE MAGAZINE IN THE WORLD right now, and I read a lot of magazines.

IT DOESN’T LOOK LIKE ANYTHING ELSE OUT THERE.”
